MEMORANDUM FOR RECORD

SUBJECT: Participant Pledge to ARMY ROTC

1. As an Army ROTC “Participant”, I am fully aware that I have no obligation to the ARMY or a commitment to serve in the Armed Forces. Moreover, I have no entitlement to any financial incentive and/or preferential consideration for Scholarship funding.
2. I also fully understand that my “participation” in ARMY ROTC is a commitment to add value to the program, to attend all necessary training (Class, Lab, and PT Sessions), and to strive to improve my personal academic level (UNT GPA above 2.5), physical fitness level (passing APFT and meeting body fat requirements), and understanding of the role of Enlisted personnel and Officers in the United States Army.
3. I also understand that each semester of the Basic Course (freshman and sophomore level classes) are available for enrollment based on favorable participation the previous semester. And if my contribution to the program, is less than commendable (defined by attendance at all events, increased APFT score, decreased body fat (if applicable), and an overall ability to display leadership potential) I am aware that my continued ability to participate may be denied.
4. Moreover, I also understand that ARMY ROTC Scholarships are competitive in nature, and my GPA, APFT Score, and overall participation in the Program can/will have an effect on my scholarship selection consideration.
5. Lastly, I also understand that ARMY ROTC Scholarship offers are only provided in writing; hence any discussion of funding is only valid if received in writing by the Professor of Military Science.
